

Super Theory Joint Group Seminar Schedule

Spring 2017

January 10th	Dr. Samer Gozem (<i>Prof. Krylov's group</i>)
January 17th	
January 24th	Dr. Robin Shannon (<i>University of Leeds</i>)
January 31st	
February 7th	
February 14th	Prof. Joe Subotnik, University of Pennsylvania: <i>"Three different views of electrochemistry: all roads lead to Marcus"</i>
February 21st	Prof. Agostino Migliore, Duke University: <i>"Molecular electronic structure and local chemical environment: a toolbox for nanotechnology"</i>
February 28th	Dr. Thomas Jagau, Ludwig-Maximilians-Universität München
March 7th	
March 14th	No meeting (<i>spring break</i>)
March 21st	
March 28th	
April 4th	No meeting (<i>ACS week</i>)
April 11th	Prof. Alexander Nemukhin, Moscow State University: <i>"Computational modeling of molecular processes in proteins"</i>
April 18th	Prof. Yasuteru Shigeta, University of Tsukuba: <i>"A simple conformational sampling algorithm for understanding functions of biomolecules"</i>
April 25th	
May 2nd	Dr. Joanna Jankowska (<i>Prof. Prezhdo's group</i>)
May 9th	

seminars are held on Tuesdays in the Seaver Auditorium at 5 pm
